

3-DAY IMPLANT BOOTCAMP  
WELCOME PACKET

## MISSION STATEMENT

Our mission is to inspire, motivate, and train like-minded dental professionals to confidently, safely, and predictably restore their patients with dental implant solutions. We are dedicated to promoting exceptional patient centered care.

[whitecapinstitute.com](http://whitecapinstitute.com)

380 East 1500 South, Heber City, UT 84032 | Toll Free (877) 248-7208 | Fax (435) 503-3079

This is where the tire meets the road. You will have the opportunity to place one implant on a patient provided by WhiteCap Institute.

To take advantage of this opportunity each attending doctor *MUST [1] have a current Utah Dental License ; and [2] provide proof of malpractice insurance.* For doctors practicing outside of the state of Utah, the steps needed to accomplish this process are outlined below. **\*\*PLEASE NOTE: To ensure your eligibility for placing an implant, we must receive proof of license 3 weeks prior to the course.**

1

### *HOW DO I OBTAIN A UTAH DENTAL LICENSE?*

---

- Go to: <https://dopl.utah.gov/dental/>
  - On the left hand side click on licensing
  - Fill out and submit your application.  
(A \$110 application fee is required) **Attendees are only required to get a Anesthesia Class A Utah Dental License.**
- 

Once your dental application has been completed and submitted to DOPL, the only remaining items needed are copies of your dental school transcript, and your regional and national board scores. These must be sent from the dental school directly to DOPL. Depending on the school, this can take 3-4 weeks. DOPL usually processes and approves licensing within 7-10 business day of receiving all the necessary documentation.

*If you have questions regarding your Utah Dental License please contact:  
Lisa Martin with the State of Utah  
801.530.6632*

2

### *PROOF OF LICENSURE & MALPRACTICE INSURANCE*

---

It is a requirement of Utah DOPL that we have a copy of both your Utah state dental license and of your malpractice insurance in our office prior to your live surgery.

Please send a copy of both of these to:

**Bobbi**

## Dr. Riley Clark

Dr. Riley Clark has been looking forward to the day when he and his father could work together. That dream became a reality in 2014. Since then, he has been able to perform all aspects of dental implant surgery and restorative treatment. He has completed more than 20 full-mouth fixed cases, dozens of overdenture cases, and hundreds of single/multi unit implant cases. He is also IV sedation certified and attends many CE courses yearly, including the International Congress of Oral Implantologist, American Dental Association, and Meissinger High Altitude Bone Management Winter Camp.

He is passionate about protocol driven implant dentistry and loves finding new ways to reach patient expectations.

Riley attended Portland State University and earned a BS degree in biological sciences. He earned a DMD from Case Western Reserve University in Cleveland, Ohio. He and his wife, Kolt, have 3 young children. They enjoy traveling, sports, the outdoors, and spending time together.
